

Great Day For Garrard County

Everything In Readiness For Soldiers Welcome.

AEROPLANE TO REACH HERE AT ELEVEN O'CLOCK FROM CAMP KNOX. BRASS BAND OF FIFTEEN PIECES, DIRECT FROM CLEVELAND. UNITED STATES ARMY TANK WILL ARRIVE AT 10:30.

WELCOME ADDRESS BY JUDGE L. L. WALKER. VICTORY LIBERTY LOAN OPENING FOR GARRARD COUNTY.

Every Garrard County soldier who has returned from overseas or from any of the camps, both soldiers and sailors will receive a hearty welcome and handshake Thursday and during the day will be entertained by the local chapter of the Red Cross, who will give them an old fashioned Kentucky country dinner.

Nothing but the weather can prevent the arrival of the Aeroplane which has been arranged for, through the authorities that be, both at Louisville and Lexington, same to arrive here promptly at eleven o'clock. The landing field has been located on the Stanford road on the farm of Mr. A. B. Brown, alongside the road. Markers have been placed in the field, a large white canvas, shaped like the letter "T" has been spread in the center of the thirty acre tract and the four corners of the field are likewise marked by large white flags.

The machine will land here and replenish with gasoline and the flight over the city will be at eleven o'clock. The machine will remain in the air over the town for an hour or more and will then return to the landing field, from which place it will fly to Stanford, giving the people of that city a chance to see its wonderful maneuvers.

The United States Army Tank is billed to appear here at 10:30 o'clock, coming by way of the Lexington pike from Nicholasville, instead of by railroad from Richmond as stated in our last issue.

This tank has a crew of eight men and all will remain in Lancaster until 7:30 o'clock Friday morning, when they proceed to Stanford for a similar exhibition.

Arrangements have also been completed for a brass band of 15 pieces which will be on hand before the starting of the parade. This fine band was secured through the Cleveland headquarters of the Victory Liberty Loan and will add greatly to this patriotic meeting which will mark the opening of the Victory Liberty Loan in Garrard County.

After the parade of the two hundred Garrard County boys who are expected here on Thursday, the soldiers with the tank crew will demonstrate to the people what can and has been accomplished with this slaughtering machine. They have asked for a piece of rough ground on which to hold this exhibition and it was unanimously agreed that Lexington street was the roughest place in the county, so the demonstration will take place on that street.

Everybody in the county is expected but only the soldier boys in uniform will be admitted to the dinner served and donated by the Red Cross.

All cars will be parked off of the public square and ropes will be run across the streets approaching the square, at a point just above the first alley. Additional police have been secured and will see that every provision for the safety of the public will be looked after. Persons driving horses are asked that they be well tied, for country horses as a rule are frightened at Aeroplanes, especially when flying low.

This day will be a day long to be remembered in Lancaster and it is hoped and believed that the people of the county and the counties surrounding it, will take advantage of it and to see something they may never see again.

Red Cross News.

The largest ship that the Red Cross can secure will sail from America, between May 15th and June 1st, filled from bottom to top with children's clothes for refugee relief. Our local chapter is making 1000 children's petticoats for this wonderful cargo. They must be finished by May 15th. Have YOU made as many garments as you possibly can? The thousand will not be finished in time unless YOU DO YOUR part. Sewing room open all day Friday. Call and get some of these petticoats to make. Saturday April 26th, has been set aside for teachers day at Red Cross. Every teacher in town and county is expected to come and spend the day and do their bit.

Liked Things Tidy.

The father of his country was an intensely practical man; but he did like to have things at Mt. Vernon look tidy. Once in writing to one of his managers concerning his farms, he said: "I shall begrudge no reasonable expense that will contribute to the improvement and neatness of my farms, for nothing pleases me better than to see them in good order, and everything trim, handsome and thriving about them; nor nothing hurts me more than to find them otherwise".

LOST:—On the Streets in Lancaster, April 21st, \$40.00 in paper money. Reward if returned to Mannie Beasley.

RYAN COMMANDERY MANDERY Appreciate Hospitality Shown Them Last Sunday.

(Danville Advocate)

It has been the custom of the Knights of Ryan Commandery to worship in a body on Easter Sunday. Heretofore the services have been in one of the Danville churches, but this year upon the invitation of Eminent Sir John Raymond Haselden, Commander of Ryan Commandery and that of his pastor, the Easter observance was held in the First Christian Church of Lancaster. Members of the Order were generous in tendering the use of their machines and fifty plumed Knights left the Masonic Hall at 9:50 A. M., reaching our neighboring city in ample time for the morning service. The line was formed at the Masonic Building and was in charge of Sir Hugh Moore, Captain General. The church was appropriately decorated with flowers, an excellent musical program was rendered by a well trained choir and an interesting and scholarly sermon was delivered by Sir (Rev) James Roy Moorman, a member of the Commandery. At the conclusion of the service, the Knights marched to the Masonic Building where an elegant dinner was served by the Circle Girls of the Christian church.

Sir Henley Bastin, Generalissimo of the Commandery, acted as toastmaster and a number of brief talks were made. After a visit to the Trophy Train bearing a wonderful collection of implements of warfare, and touring the country in the interest of the coming Victory Loan, the Knights returned to Danville. Lancaster has long been noted for her hospitality but the Knights feel that in this particular instance all previous efforts in the matter of courtesy and entertainment have been exceeded. The Recorder was directed to take this means of expressing the gratitude of the Commandery to every one of the good friends in our sister city who had a part in making this occasion so pleasant and enjoyable.

MUCH INTEREST Shown In Protracted Meeting.

The entire community is being aroused by the splendid meeting that has been in progress at the Methodist church for the past ten days. The sermons of Rev. L. B. Bridges are elevating, instructive and much inspiration is being accorded the public and those who have been fortunate to hear him. His singing is a delightful asset to the meetings and is thoroughly enjoyed by the public, that practically fills the auditorium of the school building every evening.

The meeting will continue throughout the week and perhaps longer, should the occasion demand it. Mr. Bridges is preaching in a way to make the people think and realize the importance of true loyalty to Jesus Christ and his church.

There will be no services Thursday morning on account of the Patriotic Exercises in the interest of the Victory Liberty Loan. As Christians they are all glad to welcome our soldier boys and back up this Fifth Liberty Loan.

EASTER SERVICES

Beautifully Commemorated At Christian Church Sunday Morning.

Ryan Commandery Are Honor Guests

One of the most beautiful Easter services ever held at the Christian church was commemorated there last Sunday, one special feature of the occasion, and one that added solemnity to the event, was the presence of Ryan Commandery, who were guests for the day of three of our local Knights, Messrs J. B. Haselden, Henley V. Bastin and J. W. Sweeney. There were about sixty Knights present and promptly at 10:45 A. M. they assembled at the rooms of the Masonic Lodge and marched in order to the church. The center aisle of the church had been reserved for this august body and when all had been seated it was soon seen that the church was filled to its capacity, many standing in the rotunda of the building.

Special music, appropriate to the occasion was delightfully rendered by the church choir, which showed well training under the management of Mrs. May Hughes Noland, during which time the regular church services were carried out.

Rev. J. R. Moorman delivered a scholarly address, taking as his subject, "The Immortality Of The Soul". It was eloquent and showed depth of thought, treating the subject from five view points, namely, History, Philosophy, Literature, Science and Jesus Christ, showing the view point taken by each on this wonderful theme.

Immediately after the services the Knights of Ryan Commandery marched in order to the Red Cross rooms where a delightful dinner had been prepared by the "Circle Girls" of the Christian church.

Mr. Henley V. Bastin seemed at home as Master of Ceremonies, at the banquet, while short toasts were made by Messrs John Yeager, John Nichols, H. G. Sandifer and others. At the close of the dinner and the few short talks, they dispersed and all went to view the Trophy Train, which also added much pleasure and instruction to the happy day.

It has always been the custom of the Ryan Commandery to worship in a body on every Easter Sunday and heretofore it has always been in one of the churches of Danville, but at the urgent request of Eminent Commander Haselden, Generalissimo Bastin and Past Commander Sweeney they very graciously accepted the invitation and these gentlemen, together with the people of the town and community were happy to have them as our honored guests.

Drive Day Friday.

The drive day for the Victory Liberty Loan will be made Friday, April 25th, when teams will be assigned to the various routes throughout the county. It is hoped and asked that every business house in the city and county will close for this day that the quota may be made up in one day and Garrard county sustain her usual record of "over the top".

Cooper Goes East.

Thomas Cooper, dean of the College of Agriculture, was called to Washington last week to confer with Secretary Houston of the Department of Agriculture. The conference, it is understood, was to discuss the matter of farm management, agricultural economics and a new cost of production studies under the bureau of which Dr. H. C. Taylor is the head.

Community Holds Sale.

The farmers near Fredonia in Caldwell County have lately held a wonderfully successful community sale. Fifteen farmers furnished animals for the sale which was advertised quite extensively. One hundred head of registered hogs passed under the hammer, seventy-five head of Herefords, Shorthorns and Jerseys changed hands and fifty mules and horses found new owners during the day. A tremendous crowd was in attendance and everybody was so pleased with the whole affair and the prices secured that plans are now on foot for a Community Sale and Stock Show next autumn.

TROPHIES OF WAR.

Most Of Garrard's Populace Viewed Thrills Of War Last Sunday.

Greater knowledge of the horrors that Yankee troops were forced to face in France was brought to the people of Lancaster last Sunday when American trophies of battle were displayed on a train that arrived here early in the morning.

Almost every device used by the Germans to halt the Yankee advance was shown and crowds of Lancaster people were augmented by hundreds of visitors from the rural districts who came in to witness the spectacle.

The train was brought here under the direction of the district Liberty Loan committee at Cleveland, Ohio, to give the people a more adequate picture of the machines that American troops faced for the ideals of their nation. All the pieces which were displayed were brought here directly from the battle fields of France and many had been partially destroyed by the ever increasing accuracy of the American Artillery.

The train was escorted by a detail of seamen and veteran overseas soldiers. Speakers of national renown accompanied the train to address the visitors and returned soldiers were ready to relate their experiences "over there", but it was not known until the last minute that the train would stop here when it was too late to arrange for the complete program. Moving picture films taken under the auspices of the government in France were carried by expert operators but were not shown because of lack of advertising.

A French 75 m. m. Field piece, called the "Wonder Gun of Mystery", that on the 11th of November was firing 20 shots a minute into the outer defenses of Metz was displayed and explained by William E. Cronin who was returned to America for that purpose. This type of artillery turned the tide of battle in favor of the Allies in every great crisis of the war. It is said to be the one perfect gun in the entire world, and was used extensively by the American Forces.

A "Big Bertha" used by the Germans at Chateau Thierry and aerial bombs which were dropped on American hospitals were shown together with pieces of light artillery and rifles. Barbed wire that had been fought over for many days in front of Verdun and hand grenades and gas masks and helmets were a part of the exhibition, with all the types of German machine guns that peasant men and women of Belgium were chained to. The train was said to have been the most complete collection of German equipment in the United States.

Judge T. B. Galloway of Columbus Ohio, the principal speaker, declared to a representative of the Record he was very sorry he was unable to deliver his message to the people of Lancaster. The Judge was thirteen months with the Y. M. C. A. forces in France and his speech of practical patriotism has caused much favorable comment throughout the northern States.

Wilbur D. Bacon, a first sergeant of artillery, who saw 74 days of fighting in France outlined the message he is bringing to the American people from the boys who are still "over there".

"If the American people" he said, "had a perfect understanding of the conditions under which the American soldier fought and lived in France, the government would not need a fine organization to raise any amount of money to correctly finish the job. The people of Lancaster and the people of this county, who are the government, sent us to France to protect with our strength and lives the ideals that you people hold dear. We formed a bulwark with our bodies against the enemy and he is crushed. Our work is finished and we are coming home to find that those we fought for supported us to the very end with their treasure, or that after the danger was over, you failed. By your actions on the 24th of this month will your sons and your neighbor's sons know you".

The train arrived here after a tour of cities through Ohio and Pennsylvania where great throngs each day assembled to view the trophies and hear the speakers. It left Lancaster at 3:30 o'clock in the afternoon for Stanford where it will be exhibited.

CORN FOR SALE:—T. Y. Hudson, 4-24-3t-pd. Marcellus, Ky.

ABERDEEN.

ANGUS SALE

Attracting Interest over Whole Country.

The Bradshaw Aberdeen-Angus cattle sale which is billed for May 16th, is attracting notice throughout Kentucky and Messrs Bradshaw tell us they are receiving letters every day asking for catalogues.

An analysis of this herd from an individual and collective standpoint reveals that it is a great consignment, where merit and quality is seen at its best, where blood of the most fashionable character is to be found in the pedigrees. A state record sale in Iowa of this character, averaged \$1625.00 on 56 head.

The first day of F. J. Roberts, dispersion sale of Aberdeen-Angus at Atlantic, Iowa, featured the sale of Epistos, grand champion Angus bull at the 1916 International, to L. B. Canum, of Aledo, Ill., for \$15,200, the highest price ever paid for an Angus in this country, and equalling or beating the Scotch record of 2,800 guineas, depending on how the exchange rate is figured.

Epistos was bred by C. D. and E. F. Caldwell, Burlington Junction, Mo., and was dropped in 1915. He was shown as a junior yearling at the 1916 International, where he was made grand champion bull of the breed. He is an Enchantress Trojan-Erica, sired by Undulata Black It 2d. After the show he topped the International Angus sale.

Environ the Enchantress Trojan-Erica bull that is the sire of most of the calves in the Bradshaw sale, is a full brother in blood to Epistos. Environ was bred by E. D. and E. F. Caldwell, Burlington Junction, Mo. Environ dam was out of the same cow as Epistos.

There is no breed of beef cattle that has such a record all over the world as the Aberdeen-Angus. Here is what they have done at the International Stock Exposition, the greatest live stock show in the world; Single steer awards at 17 shows, eleven grand Championships have been won by the Aberdeen-Angus. Car load Aberdeen-Angus have won 13 Grand Championships; Shorthorns, once; lots of fat cattle, out of 17 shows Herefords, 3 times. In the carcasses, and that is the final test, Aberdeen-Angus have won Grand Championships 16 times out of 17. Other breeds scarcely got to first base. The public is earnestly asked to attend this sale and bring your neighbors and see these market toppers sell. Write for a catalog.

\$198,050.00

Garrard Countys Quota

The quota of \$198,050.00 which has been apportioned to Garrard county should be raised in one day and will be done if the people will remain at home for the day or at least leave word where they can be found.

Don't think for a moment that you won't be called upon, that is if you haven't already sent your voluntary subscription.

Don't be afraid of an over-subscription. Don't stand back and let the other fellows take them all. Get in the game and be a man.

Photographer Here.

Mr. T. B. Simmons, one of the best photographers in Danville will be at the Record office today, (Thursday) and wishes us to announce that anyone desiring photo's may call him here. He will go to your home for sittings. Mr. Simmons will be here only for the day.

New Livery.

Messrs Smillie Hill and Willie P. Long have leased the sale barns of W. B. Burton and will open at once a livery and auto service. They are preparing to purchase some new and elegant outfits and be prepared to serve the traveling public at any time.

These are two of our best and most progressive young men and we predict that their new venture will be a success. They are also prepared to take care of all hitch horses, either day or night.

Give them a call they deserve your patronage.

Our philosopher says: Let the boy that's been overseas broaden an' make better the farmin' in his neighborhood.
